2014 Schedule

The logo for Canada Blooms, featuring the text "Canada Blooms" in a white serif font on a green rectangular background.

Canada Blooms

Friday, March 14th, 12:00 noon.

Direct Energy, Toronto

Foundation of a Healthy Garden – The Wild Soil Inhabitants

A journey through the interdependent web of life called the soil food web. The plant you see above ground is actually in a complex symbiosis with soil microbes in the root zone. If you don't know what organisms are present in your soil and on your plants, much of your garden management is being left to chance. This is all about the garden we see and more importantly, don't see.
